The Barberton Chamber of Business was established in the old Transvaal Share & Claim Exchange in Barberton on Wednesday the 2<sup>nd</sup> of February 1887, making it one of the oldest chambers in the country. It has a long and distinguished history of positively influencing business in and around Barberton.

Today, the Chamber is a non-aligned and independent chamber which participates in the processes of SACCI (South African Chambers of Commerce and Industry) and BUSA (Business Unity South Africa) and MCCI (Mpumalanga Chamber of Commerce and Industry).

Membership is open to any member of the business community of the greater Barberton area.
